

F.I Coatings Ltd

ENVIRONMENTAL POLICY

Based in Bo'ness, central Scotland, F.I. Coatings Ltd provides Surface Preparation and application of Specialised Coating Systems.

F.I. Coatings Ltd maintain certification to BS EN ISO 14001 standard and are committed to the continual improvement of our management system, taking a lifecycle approach. We strive to protect the environment and prevent pollution associated with our activities and services.

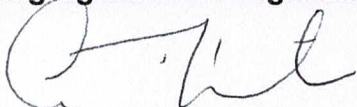

We are committed to the following:

- Maintain adherence to ISO 14001 standard and compliance with statutory obligations and relevant legal and other requirements.
- Invest in our management and operatives to maintain optimal knowledge and skills and achieve policy objectives.
- Proactively engage with our clients to identify risks and opportunities relating to environmental protection and pollution prevention, taking a lifecycle approach.
- Reduce our Solvent and Dust Emissions arising from our Surface Preparation and Coating Operations.
- Engage with our Supply chain (suppliers and contractors) to protect the environment taking a lifecycle approach.
- Continue to use resources (energy, water, materials) efficiently, reducing carbon emissions where possible.
- Maintain effective waste management, preventing pollution associated with storage, handling, treatment and disposal.
- Work closely with interested parties to invest in infrastructure and our working environment, enhancing/ protecting local biodiversity where possible.

This policy statement will be annually reviewed to ensure it remains relevant to the purpose and context of F.I. Coatings. Objectives will be established to monitor continual improvement in line with this policy statement. It is the responsibility of all staff to contribute to the effectiveness of the environmental management system and achievement of policy objectives.

This policy is available to interested parties on request. Feedback is welcome on how we can improve our environmental performance.
